Online Safety Update

Playing games together is a great way to learn and spend time as a family, it can also reduce the worry over what your child is doing online! This [Family Gaming Database](#) is aimed at helping parents and carers navigate the world of gaming. They have thousands of games that are hand-picked, deeply researched and tested with real families. If you're stuck for activities over Half Term, this might be worth exploring together.

Where did that half term go?

The arrival of some sunshine has had a positive impact on nearly all of us - especially with activities involving ice cream, barbecues and outdoor play.

Thank you to all the parents, carers, friends and family that joined us for the **Good Work Showcase** on Wednesday. For many of our students, the opportunity to show off their incredible achievements from across the school year is an important magic moment. We know how special it is for our families to see school and celebrate their child's hard work and we're looking at how to create more events like this going forwards.

As we approach half term, we hope everyone gets the chance to reflect on their amazing work and effort. A huge thank you to our staff - we couldn't do this without you.

Another reminder of the **Extraordinary Inset on the 15th June**. Please ensure this is in your diaries as school is closed to students that day.
