WINTER TERM 1

Online Safety Update

This issue includes

1. Online Safety Update
2. In School This Week
3. Headteacher Awards
4. Dates for the Diary

Explore together and chat little and often: Ask your child to show you their favourite apps, games and sites and encourage them to teach you how to use these. Ask them if anything ever worries them online. Make sure they know they won't be in trouble and can get help by talking to you or another adult they trust if anything happens online that makes them feel worried, sad, uncomfortable or scared. Remember that removing or confiscating a device when a child shares a problem with you may lead to them not sharing worries or problems in the future.

The chicks are back!

Our staff are some of the best in business when giving our students the chance to show their warm fuzzy sides - and Key Stage 1 have definitely enjoyed this week with the chicks!

Watching chicks hatch in an incubator gives children a hands-on opportunity to learn about the life cycle and growth of living things. It encourages curiosity, observation, and discussion, helping to develop scientific understanding and critical thinking skills. The experience teaches patience as children observe changes over time and can foster empathy, responsibility, and respect for animals. Overall, it provides an engaging and memorable learning experience that supports children's understanding of the natural world.

For many of the students, this forms part of their first month at Larwood, and as they demonstrate that they can be safe and trusted, they can look forward to working towards their trips and activities.
