Online Safety Update

Sharing pictures: Using devices like phones and tablets to share pictures and videos can be a great way for children to have fun and stay in touch with friends and family. It's really important your child knows what's ok to share online and what they should check with you first. We recommend reading 'Younger children sharing pictures or videos online' for more information on the risks and how to support safer sharing.

Be-leaf in the great outdoors

Forest School continues to be a hugely valuable group intervention for all students at Larwood, providing children with regular opportunities to learn and grow in a natural outdoor environment. Through engaging, hands-on activities, everyone is encouraged to explore, play, problem-solve and take supported risks, helping them to develop important life skills in a safe and nurturing setting. Children are supported to use tools, safely work with fire and enjoy hot chocolate and marshmallows!

Working in smaller groups allows children to build positive relationships, strengthen communication skills and develop greater independence. The outdoor environment offers a unique space where children can challenge themselves, discover new interests and learn at their own pace.

Forest School supports the development of confidence, resilience and self-esteem, while also promoting emotional wellbeing and a sense of belonging. At Larwood, Forest School offers regular opportunities for students to be outdoors. We love it!
