Watching videos:

Children love to watch videos and YouTube is always a firm favourite! But sometimes children can be exposed to videos that are not meant for them. YouTube Kids

<https://www.youtube.com/myfamily/> is a safer way for children to explore their interests. You can set filters on YouTube following these instructions.

A great day for fishing

A few of our Year 6 children took part in our annual Masonic Fishing Charity event at West Mill Lakes. 🐟

The children showed fantastic resilience and persistence throughout the day, particularly as the weather became wet and challenging! They remained positive, patient and determined, continuing to give it their best and supporting one another along the way.

Some of the fish caught included rainbow trout, roach and perch. It was great to see the children enjoying the experience.

Working with local community groups is a fantastic way for our students to experience activities that they might not have considered before. In a world where so many of us are glued to our screens, the opportunity to spend time with friends in the great outdoors is a wonderful thing to enjoy.

Well done Year 6!
